

Rye Patch Nugget Shoot 2016

4th Annual Rye Patch Nugget Shoot Celebrating Nevada's Mining Heritage September 17th, 2016

LOCATION:

Rye Patch State Recreation Area
2505 Rye Patch Reservoir Rd, Lovelock, NV 89419
September 17th, 2016

Please come join us and help celebrate the 4th Annual Rye Patch Nugget Shoot 2016. "The worlds largest free metal detector hunt." Hosted by the Nevada State Parks Department, Reno Prospecting and Detecting Club and the GPAA of Northern Nevada Reno. A fun filled day of metal detecting with both adult and children hunts. Starting at 10 am. Various demonstrations and hands on experience in gold panning, dry washing, metal detecting and mineral identification. With various educational lectures from local experts and mining professionals. Last year alone we awarded (\$25,000) in prizes and this year we are hoping to do even better. As you can see our event offers something for everyone.

With over 600 attendees last year and 1000 expected attendees this year we are again asking for donations / sponsorships from businesses and individuals such as you. Help us make this event a success in our pursuit to highlight the art and skill of metal detecting, while promoting the Rye Patch State Park, and Nevada's ongoing mining heritage. We are requesting monetary donations or products we can use as prizes. Attached you will find the donation form that should be included with your item or monetary donation. Please make a copy for your tax records.

Also this year will be our first "meet and greet". If you would like to participate and show off your latest and greatest products please contact Glen Meyers (775)691-9798 for more information.

Thank you for helping us make this another incredible event!
