President's letter

July-2022

Summer is here! It has been a long wait. Some have reported that the streams and rivers are quite swift, so plan accordingly. Be sure and tell someone where you are going and when you are returning. Also, be sure and bring your Club ID and have it handy. Put your Club placard in your window.

We had a confrontation on Adevan where George challenged 4 people who were operating two motorized dredges in the water. They said they were members but could not verify as such. They were told that members are aware that NO motorized dredges are allowed according to our current Club policies. They removed the dredges and according to Riley they were gone the next morning. They were really tearing into the bank without filling in their holes etc. We have posted a list of our members on our website (thanks Dave) which might be handy in these "challenge" situations! Do not hesitate to ask but do not become confrontational. George reported the incident to the authorities and had pictures of vehicles and plates. Even if no response from the authorities, they have a record for future encounters.

A special thanks to George for responding on short notice(12hrs) to have a panning demo at the Boy Scout gathering Thursday-Saturday at Davis Creek. He got all the equipment rounded up and Jim and Gary showed up to help. There were about 120 Scouts each day. BUSY to say the least. The comments from the parents put George and his "rocks" on top of the list with the panning a close second! A great response with a lot of social capital. Thank you GEORGE!!!!

Please ignore the comments about our Pirate claim in the June newsletter. A misquote on my part...I apologize. I blame it on "youthful" exuberance!

Well, we got our computer and printer and will be up and running this month. Thanks Gary and George and Justin who with his expertise and computer skills will teach some of us how to become "senior" nerds.

Well, we at last, after many, many years, we have an Outings Chair! Patty Halas has “volunteered”, with some minor arm twisting. The July meeting, we will proceed with the initiation ceremony. Bring your appropriate equipment for the initiation festivities! Patty brings exuberance and a lot of prospecting skills. THANKS PATTY!!!

This month, there will be a trommel and small backhoe on Blue Wing. Justin and Jim have acquired the necessary permit for their operation. Be sure and stop by and say “Hi”.

Robert and his wife and three kids are really enjoying the Blue Wing and Tammy despite the wind fighting them and their tents etc. They have taken up prospecting with enthusiasm that is to be admired!
We wish them the BEST of LUCK!

Get out and enjoy.....
Jim
